Asset Finance for the Healthcare Industry

A division of Leasing Company of Ireland

Lease.ie is the internet site of Leasing Company of Ireland (LCI), The fastest growing leasing company in Ireland.

Equipment - from €2,000 plus

We offer highly competitive lease and hire purchase terms for the following equipment:

- ➔ Digital X-Ray Systems
- ➔ Dental Equipment
- ➔ Laboratory Equipment
- ➔ Healthcare Equipment and much more including
- ➔ Office, Security, I.T. and Telecommunications Equipment

Clients

At lease.ie our financial experience and dedication to getting the business done for you makes us the clear choice for the Healthcare Industry, Supporting Dentists, Veterinaries, Care Homes, Private Hospitals, Chemists, Hospices, Surgeries, Health Centres, GP's, Optometrists and many more.

Lease Credit Line

We can now also arrange a pre approved Lease Credit Line for your budgeted capital expenditure over the next 12 months. You get the equipment and the supplier is paid directly. We can even include a recent purchase in this lease line. Minimum annual approval €25,000.

Lease Charge/Cost

Currently a D.I.Y guide to estimate your Lease repayment is to use a flat charge of 6% per annum of the amount financed. So for example a short 2 year lease reduces the charge whereas a longer (say) 5 year lease has more charges but a considerably less repayment per month.

Example:

€10,000 - 1 year lease, add €600 (6%)
divide by 12
€883 per month

€10,000 - 3 year lease, add €1,800 (18%)
divide by 36
€328 per month

€10,000 - 5 year lease, add €3,000 (30%)
divide by 60
€217 per month

Once agreed and in force all payments are fixed price. Above is guide only - larger amounts attract smaller lease charge. *Full Lease Repayment qualifies for 100% tax write-off*

Application & Approval

It takes less than 24 Hours to finalise most applications. Helpful information with application details include financial accounts and possibly recent bank statements.
